The need for a New Vehicle

We are thankful for additional funds that have come in to meet the need for a new vehicle. We now have a total of $4,000 toward meeting this need. We are praying for an additional $6,000. Please pray with us about this need. If 12 churches could give $500 each, we could raise that money in a short amount of time.

Friendships and Fishing

Fishing and hunting are a very important part of life in the North. Much of the meat that we eat is bought from local hunters and fishermen. I was excited when my neighbor invited both Matt Northcutt and me on a week fishing trip. It was as if he was inviting us into his world. It is important for us to build friendships with the men of our village. This was a great opportunity to build that friendship with our neighbor.

We took a helicopter and flew due north from Vanavara to the village of Strelka, where we met my neighbor’s fishing partner. From there we gathered our gear and by boat headed down river, away from the village and into Siberia’s Taiga Forest.

We made our way down river for three and a half days, stopping to fish along the way. My neighbor and his friend know the river well, and knew the best spots to fish. As night fell, we would set up camp on the banks of the river. There were a few nights that we were able to stay in a hunting shack. After three and half days, we turned around and started to make our way back up river the way we came, again stopping to fish along the way. We brought back two 50 liter barrels of fish that we caught. Because we had no electricity and therefore no refrigeration, we salted the fish to preserve them until we got back to Vanavara.

I thank the Lord for this golden opportunity to strengthen the friendship with my neighbor.

Please pray for us as we continue to make inroads into the lives of people in our village.
